#### NEVADA.

Major-Jen, Leonard Wood is the first choice of Nevada for the Republican remination for President, according to the poll of the party organization chairmen taken by THE SUN AND NEW YORK MI

The second choice of that State is Senator Hiram W. Johnson of Call-femia and he gives Wood a fairly tight race of it. Up to this time Johnson has appeared before in the polls as pubished as the first choice of California and the second choice in Maine.

There is no preferential primary in the State of Nevada. Its six delegates the Republican National Convention will be elected at a State convention, to be neld on April 24. Special corresponnot to THE SUN AND NEW YORK limmand indicates that while the delegates probably will go uninstructed, it understood they will vote for Wood on the first ballot at least.

However, friends of Gov. Frank & Lowden of Illinois and of Senator John-son already have given indications that bey are not going to permit the deleto go to Wood without putting

## M'ADOO ADVOCATES PUBLICITY OF FUNDS

onference to Follow Luncheon Receptive Democratic Candidate Also Approves Investigation by the Senate.

> WASHINGTON, March 29. - Senator Borah (Idaho) enlisted to-day another Presidential candidate in his crusade for publicity concerning contributions and tion of Presidential candidates. William 1. McAdoo, who is a receptive candidate for the Democratic nomination, came into line for the Borah bill, sending to Senator Sheppard (Tex.) a telegram inforsing the principle of the Borah measure requiring such publicity.

> Nothing came from the headquarters of Major-Gen. Leonard Wood, whose ampaign has been criticised most severely by Senator Borah. So, just before leaving for Michigan to take part in the primary fight in behalf of Senator Johnson (Cal.), Senator Borah wired o Gen. Wood urging him to give his indorsement to the bill and to see that the facts regarding his own campaign are given to the country. The telegram

I know of no other tribunal to which to appeal to correct these practices. But it can only be effective provided the facts I stated are correct. It is within your power to give to the people of Michigan and other States a list of your subscribers, the amount you are expending, the amount which you did expend in South Dakota, the amount which you propose to spend in Ohio and Illinois. If you will make a statement of these facts over your signature I will correct any erroneous statement which I have heretofore made. The material chich is coming from South Dakota,

Illinois and Ohio convinces me that was modest in my statements. Gen. Wood, if you are not familiar with what is going on in your behalf for the Presidency I take leave to ssert that unless you familiarize yourself and correct it you will bring disgrace upon your name, upon up to you as a soldler and a man to come out boldly and meet these facts, and either show the public that they are unfounded or else rerudiate the men who have manifested their determination to control the national convention through the

paigns. I think the principle of this measure is absolutely right, and I carnestly hope that it may be promptly enacted by the Congress. One of the greatest perils to the Republic is the improper use of money in the primary and general elections. The suggestion that the Schate appoint a committee to investigate the expenditures of the various candidates and their various committees in the campaigns they are conducting for the Presidential nomination is highly commendable and ought to be

promptly adopted. WILLIAM G. McADOO. The Senate Committee on Privilege and Elections will meet to-morrow to begin consideration of the Borah public-ity bill and of the Newberry election ase. Senator Newberry returned from Michigan to-day and was at his office attending to correspondence, but he said that he would not appear on the floor of the Senate while his case is pending.

The committee will determine whether

recount shall be made of the ballots the Newberry-Ford election. It is explained that the prosecution in which Senator Newberry and his lieutenants were convicted in Michigan was based on the primary contest, over which the Senate has no jurisdiction, the Senate being concerned only with the election which followed.
